

Explanatory Note regarding the alignment between the scheme of delegation and existing policies:

As the trust goes through a cycle of reviewing and revising of all policies so that they are reflective of the growth of the multi academy trust, the scheme of delegation is the definitive document that overrides any inconsistencies with existing policy documents.

The terms “local governing body,” “Chair of Governors” and “Head Teacher,” may be replaced with “Board of Directors,” “Chair of the Board” or “Executive Head / CEO,” as relevant to the level of decision making required i.e. school specific or at Trust / central team level (e.g. complaints procedure, disciplinary and grievance)
